

Adopt-a-Hall Officers are Public Safety Officers assigned as liaisons with the University's residential community to address a variety of public safety and non-public safety issues unique to each hall. Examples include referrals to university resources such as: Housing, Facilities, UHS, UCC, or Residential Education. Adopt-A-Hall officers work closely with Residential Life Staff and attend meetings, hall programs, and events in their adopted building.

Any halls not listed that would like an officer to attend a program, or to plan a program/presentation for your hall, please contact: publicsafety@rochester.edu to request a presentation form.
