

# Safety Apps for Your Smart Phone

## bSafeyou

iOS & Android

Allows you to add “Guardians” (contacts) who can follow you when you’re on your way home. It has an SOS button that will set off an alert to your Guardians with your GPS location.

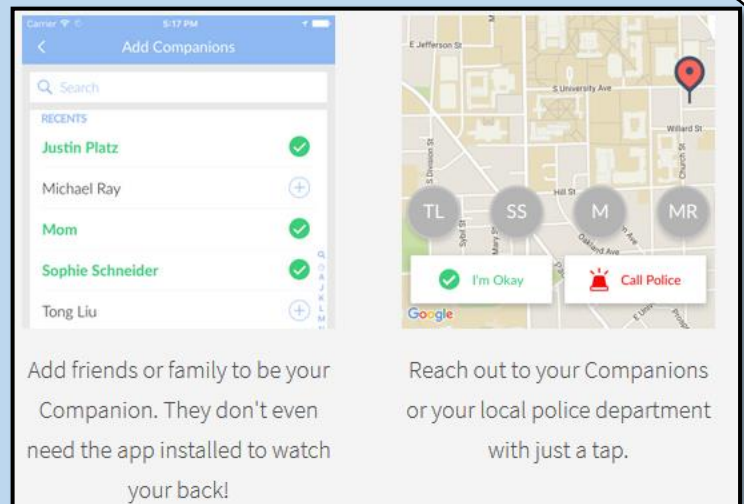

## Companion

iOS & Android

Companion lets you reach out to contacts of your choosing, or a local police department to have them keep an eye on you as you travel late at night. Utilizes your phones GPS.

## Circle of 6

iOS & Android

This app has different notifications that a user can tap on to alert their circle that they may need a safe ride home or for someone to take the user away from a strange/unsafe environment.

### HOW IT WORKS

**\*+\* ICONS CHOOSE YOUR CIRCLE >**  
Add up to 6 people from your contacts to join your circle. Choose good friends or any trusted adult.

**PIN ICON COME GET ME >**  
Sends a text to your Circle that says: "Come and get me. I need help getting home safely." with your GPS coordinates.

**PHONE ICON CALL ME >**  
Sends a text to your Circle that says: "Call and pretend you need me. I need an interruption."

**CHAT ICON I NEED TO TALK >**  
Sends a text to your Circle that says: "I need to talk."

**INFORMATION HELPFUL LINKS >**  
Direct access to information about sexuality, relationships and safety.

**PHONE OUT HOTLINES >**  
Direct access to national hotlines and a specialized hotline of your choice, such as LGBTQ, Spanish-language, etc. based on your personal priorities.

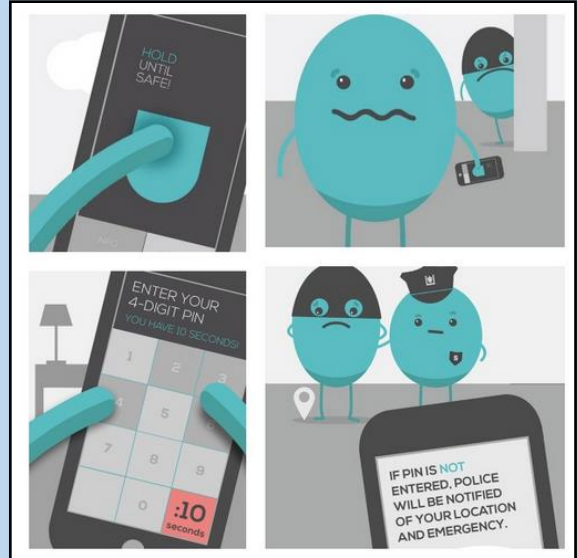

# SafeTrek

iOS & Android

*Press and hold the button whenever you feel uneasy. Release the button when you have reached your home, car, or a safe destination and enter your 4-digit pin. In danger? Simply release the button and do not enter your pin. Your local police will be notified of your location and emergency.*

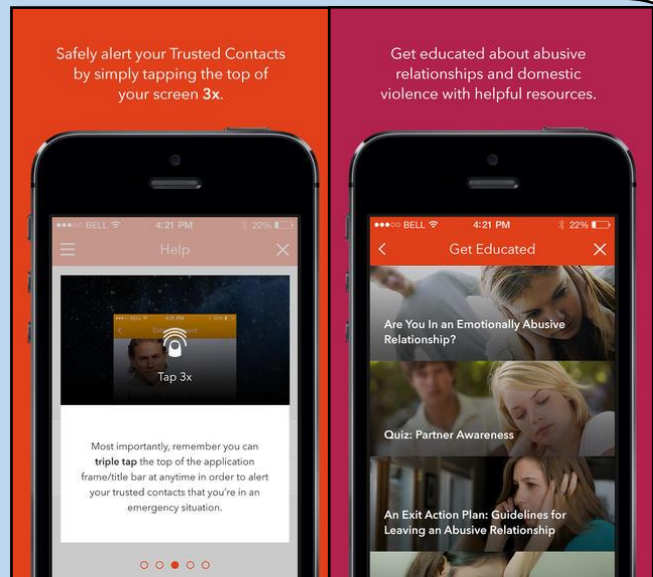

# Aspire News

iOS & Android

*Contains summaries of top stories in world, sports, and entertainment news (as a cover up). Help section contains local resources for victims of domestic violence. Also has a safety alert feature.*

Disclaimer: There are pros and cons to each safety app, and researching which one would be best for you is crucial before you download and utilize the app. The Department of Public Safety is not specifically endorsing or recommending any of the apps listed here, but rather lists some of the options available in effort to encourage everyone to always think about their personal safety.
